

SIZE GUIDE - RINGS

Follow the instructions to print correctly this template and choose the size of your CLIMENT 1890 ring.

1. PRINT Once this file is open, go to the menu.

File - Print - Page Scale - No - OK.

2. VERIFICATION Check that the printing is correct, using a ruler and measuring the next square. It should measure exactly 1x1cm.

CALCULATE THE SIZE WITH A RING

1. Select your ring measure.

2. Place the ring on the circles, until the inside of the ring fits the outside of the circle.

RECOMENDATIONS

If you are in doubt between two sizes, choose the larger one.

For large rings, add one size.

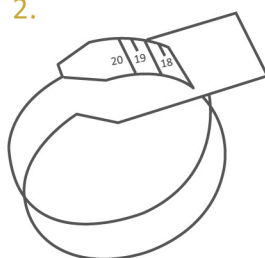

MEASURE THE FINGER WITH A PAPER METER

1. Cut the upper gauge with scissors, both, the contour and cone where it is indicated "corte aquí".
2. Insert the narrowest part through the previously cut slot.
3. Insert your finger into the meter, and with the help of a second person, pull firmly on the ends until the meter fits your finger.
4. Write the first measurement that sticks out of the meter, in the example below the measurement is 18.
